We need to organise the car parking in the small St Peter's Car Park adjacent to the Church, particularly to provide safe access for emergency vehicles. There are designated car parking spaces, four of which are disabled spaces. Parking is not permitted in any other area of the car park. In the event of someone parking in a non-designated space a reminder will be attached behind the wiper of the car.

We would appreciate that parishioners could leave all these spaces for the less mobile and use the North Street car park when necessary. Please do not leave the car park until all the pedestrians have passed through the car park gates. This is to ensure the safety of all those attending the Masses.

Thank you for your consideration in this matter.
