Wonder and Gratitude: Our Relationship with Nature and the World we Inhabit
Angela Dunne will invite us to explore the close relationship between us and the animal and floral world that we inhabit. Angela's work is strongly linked to Pope Francis' 2nd encyclical 'Laudato Si' and she will share some insights gained through her own research and from her local "Care for the Earth" group. Angela is passionate about the environment and our need to understand our world and the wonder of the creation we inhabit.
Please join us for this day of reflection, which will remind us of how important our environment is, from the sun to hidden heroes in the oceans and the soil, and the responsibility we have to care for our world.
