### CONSIDER A LIFEGIVING DONATION

The case of a young mother with leukaemia has come to people's attention in the local media recently, highlighting the need for more stem cell donors, without whom there is no cure for some blood cancers. Please consider being a stem cell donor, especially if you are between the ages of 16–30. Blood and organ donation for those who are sick is a powerful expression of human solidarity and Christian charity.

**Rachel's Vineyard is a safe place to  
renew and rebuild your life after  
experiencing the trauma of abortion.**

Rachel's Vineyard is therapy for the soul. Participants, who have been trapped in anger toward themselves or others, experience forgiveness. Peace is found. Lives are restored. A sense of hope and meaning for the future is finally rediscovered. Most of us at Rachel's Vineyard are persons who have walked down the same path as you and have experienced the Healing power through a Rachel's Vineyard Healing Weekend.

Rachel's Vineyard has a number of powerful rituals that will help you connect with and release your grief and sorrow. The retreat helps you deal with repressed grief, guilt, anger, feelings of abandonment, pressure, and ambivalent attachment to your abortion.

### Children Learn What They Live.

If a child lives with criticism,  
they learn to condemn.  
If a child lives with hostility,  
they learn to fight.  
If a child lives with ridicule,  
they learn to be shy.

If a child lives with shame,  
they learn to feel guilty.  
If a child lives with tolerance,  
they learn to be patient.  
If a child lives with encouragement,  
they learn confidence.

If a child lives with praise,  
they learn to appreciate.  
If a child lives with fairness,  
they learn justice.  
If a child lives with security,  
they learn to have faith.

If a child lives with approval,  
they learn to like themselves.  
If a child lives with acceptance  
and friendship, they learn to find  
love in the world.

### Humour Corner

In surgery for a heart attack, a middle-aged woman has a vision of God by her bedside. "Will I die?" she asks. God says, "No. You have 30 more years to live."

With 30 years to look forward to, she decides to make the best of it. So since she's in the hospital, she gets breast implants, liposuction, a tummy tuck, hair transplants, and collagen injections in her lips. She looks great! The day she's discharged, she exits the hospital with a swagger, crosses the street, and is immediately hit by an ambulance and killed.

Up in heaven, she sees God. "You said I had 30 more years to live," she complains. "That's true," says God. "So what happened?" she asks. God shrugs, "I didn't recognize you."

### CHURCH OR CHAPEL?

*Many people often ask what is the difference between a church and a chapel, and which do we have?*

There is an important distinction. A church is the primary place of worship in a parish community where people gather above all for Mass on a Sunday, but also daily. It is the location where the baptismal font is found, and from where weddings and funerals typically take place. It falls under the administration of the parish priest.

A chapel is a building or part of a building where Mass may be celebrated which is not the parish church. It is typically part of a bigger institution with wider functions, such as a hospital, convent, seminary, or university.

The term chapel is often misused in Ireland and Britain to refer to parish churches of denominations which do not belong to the 'established' church, thereby intending to afford them a lower status. In Lurgan, then, we are proud to have three wonderful public places of worship for Catholics: St Peter's church, St Paul's church and the Adoration chapel.
